AMERICAN SOCIETY
FOR MOHS SURGERY

Dermatologic Surgery: Focus on Skin Cancer

Physician Course Description

The ASMS is pleased to present another exciting program for dermatologic surgeons, featuring several new breakout sessions focusing on problematic Mohs, repair and complication cases, histopathology challenges and innovative suturing techniques. *Participants are invited to bring their own cases for group discussion.*

Program Overview

The Memorial Day weekend schedule will allow attendees to participate in an enriching CME program within minutes of Orlando's exceptional family entertainment, fine dining options, world-class shopping, and outdoor recreational venues. The Hyatt Regency Grand Cypress offers a spectacular full service resort experience.

Dermatologic surgery and the Mohs procedure have always been the cornerstones of ASMS educational activities. This year's *Focus on Skin Cancer* will highlight the latest advances in diagnosis and treatment of skin cancer, as well as important management topics to assist physicians in navigating changing medical practice dynamics. The program incorporates current research findings and new surgical and reconstructive perspectives, along with interactive panel discussions by leading experts on repair approaches, melanoma treatment, and special tumors. Elective microscope lab sessions present challenging Mohs and dermatopathologist-provided "unknown" cases, while small-group pathology discussions reinforce valuable key concepts.

Topic Overview

- AJCC Staging Criteria: Recent Changes
- Atypicality in Melanocytic Lesions
- Controversies in Skin Cancer Treatment: Interactive Panel
- DFSP: Mohs and Other Considerations
- MACRA Update
- Melanoma: Advances in Medical Treatment
- Melanoma Markers: Are We There Yet?
- Melanoma Case Studies: Panel Review
- Non-Melanoma Tumors: Challenges and Management
- Wound Healing Advances

Educational Objectives

- Analyze skin cancer diagnosis based upon the most current visual and histologic diagnostic criteria.
- Select skin cancer treatment options guided by the latest evidence based data.

- Integrate new and evolving skin cancer prevention techniques into patient care.
- Employ current medical and surgical techniques in the treatment of skin cancer and pre-cancerous lesions.
- Apply recent political and regulatory updates affecting dermatologists and Mohs surgeons.
- Apply varying surgical techniques in skin cancer treatment using Mohs micrographic surgery.
- Select new and refined approaches to post-excision reconstruction.

Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and the American Society for Mohs Surgery (ASMS). The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for 26.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Planner/Faculty Disclosure

As a provider accredited by the ACCME, it is the policy of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health to require the disclosure of anyone in a position to control the content of an educational activity. All relevant financial relationships with any commercial interest and/or manufacturer must be disclosed to participants before the beginning of the Activity.

About the American Society for Mohs Surgery

The ASMS is a professional medical education society with over 1150 physician and Mohs technician members, primarily Board-certified dermatologists with extensive training and experience in dermatologic surgery and the Mohs surgical technique. Due to the high incidence of skin cancer worldwide and the efficacy of Mohs surgery in the treatment of basal cell and squamous cell carcinomas, the ASMS advocates high quality Mohs training for all surgically-oriented dermatologists. We also acknowledge and welcome Society participation by other international specialists who routinely utilize the Mohs technique in their respective countries.

We support our members through strong Mohs advocacy efforts, practice issues assistance, and patient education and referral resources. Our Peer Review program provides important quality assurance feedback on an annual basis. Our Clinical Observational Preceptorship program offers exceptional one-on-one training opportunities by pairing new Mohs surgeons with highly-experienced surgical mentors. Our quarterly member newsletter, *The Beveled Edge*, informs Mohs surgeons of vital policy issues, announces new Society programs and services, and includes educational highlights from our annual courses.

The ASMS's educational activities now total four annually. Spring meetings include *The Closure Course* and Annual Meeting – *Dermatologic Surgery: Focus on Skin Cancer*. Fall meetings include *Basal Cell and Squamous Cell Cancer Pathology for Mohs Surgeons* and *Fundamentals of Mohs Surgery*. New and expanded topics are regularly introduced to keep pace with members' changing technological and medical educational needs.

Physician Schedule

Thursday, May 24

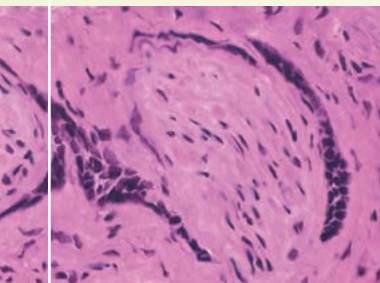

3:00-7:00 p.m. Registration – Elective Microscope Lab Open

Friday, May 25

- 6:15 a.m. Registration (cont.) and CME Sign-In
Buffet Breakfast- Visit Exhibits
- 7:15 a.m. Welcome and Introductions – Andrew H. Weinstein, M.D., ASMS President
- 7:25 a.m. Announcements – Alexander Miller, M.D.
- 7:30 a.m. Have We Forgotten the Curette? – Howard K. Steinman, M.D.
- 8:00 a.m. Favorite Flaps for Tough Defects – Anne K. Truitt, M.D.
- 8:30 a.m. DFSP: Treatment by Mohs and Other Considerations – Suzanne M. Olbricht, M.D.
- 9:00 a.m. AAD Update – Suzanne M. Olbricht, M.D., AAD President
- 9:30 a.m. Refreshment Break- Visit Exhibits
- 10:00 a.m. Challenging Squamous Cell Carcinoma Cases – Jason T. Rich, M.D.
- 10:45 a.m. How Would You Close It? Interactive Video Reconstruction Forum – Terrence A. Cronin, Jr., M.D. (Moderator), Terrence A. Cronin, Sr., M.D., Alexander Miller, M.D., Anne K. Truitt, M.D., Andrew H. Weinstein, M.D.
- 12:30 p.m. Buffet Lunch- Visit Exhibits
- 2:00 p.m. ASMS Business Meeting – Andrew H. Weinstein, M.D.
- 3:00 p.m. Dermoscopy: The TADA Algorithm – Ashfaq A. Marghoob, M.D.
- 4:00 p.m. Breakout Session: Surgical Challenges – Alexander Miller, M.D., Howard K. Steinman, M.D., Edward H. Yob, D.O.
- 4:00 p.m. Breakout Session: Innovative Suturing – James A. Schiro, M.D., Andrew H. Weinstein, M.D.
- 4:00 p.m. Breakout Session: Histopathology Challenges – John B. Campbell, M.D., Whitney A. High, M.D., J.D., Ronald P. Rapini, M.D.
- 5:00 p.m. Friday Session Adjourns
- 1:00 - 5:00 p.m. Elective Microscope Lab Open
- 6:30 p.m. Welcome Reception- Attendees, Family Members and Exhibitors Invited

Saturday, May 26

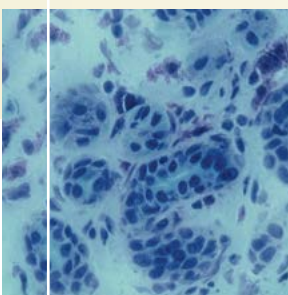

- 6:15 a.m. CME Sign-In and Buffet Breakfast- Visit Exhibits
- 7:20 a.m. Announcements – Alexander Miller, M.D.
- 7:30 a.m. New AJCC Staging Criteria & Evidence Basis for Their Changes – Merrick I. Ross, M.D.
- 8:00 a.m. Advances in Medical Treatment of Melanoma – Sanjiv S. Agarwala, M.D.
- 8:45 a.m. Interactive Melanoma Panel Case Studies – Henry W. Clever III, M.D., (Moderator), Sanjiv S. Agarwala, M.D., Whitney A. High, M.D., J.D., Merrick I. Ross, M.D.
- 10:15 a.m. Refreshment Break- Visit Exhibits
- 10:45 a.m. Do Your Genes Fit? (Melanoma Markers: Are We There Yet?) – Whitney A. High, M.D., J.D.
- 11:30 a.m. The Latest on AKs and Skin Cancer Prevention – Neal Bhatia, M.D.
- 12:00 p.m. The Science of Self-Care: Sustainable Practices to Avoid Burnout – Erica H. Wise, Ph.D.
- 12:45 p.m. Controversies in Skin Cancer Treatment – Edward H. Yob, D.O. (Moderator), Sanjiv S. Agarwala, M.D., Whitney A. High, M.D., J.D., Merrick I. Ross, M.D., Jonathan S. Zager, M.D., FACS
- 1:30 p.m. Saturday Session Adjourns
- 1:00 - 5:00 p.m. Elective Microscope Lab Open

Sunday, May 27

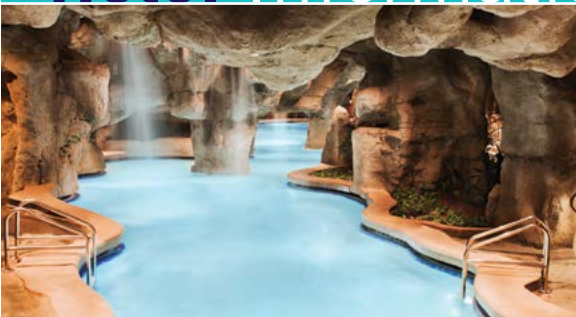

- 6:15 a.m. CME Sign-In and Buffet Breakfast- Visit Exhibits**
- 7:20 a.m. Announcements** – Alexander Miller, M.D.
- 7:30 a.m. Advances in Wound Healing** – Robert S. Kirsner, M.D., Ph.D
- 8:15 a.m. Managing Challenging Non-Melanoma Tumors: Panel Discussion**
James A. Schiro, M.D. (Moderator), Ronald P. Rapini, M.D.,
Merrick I. Ross, M.D., Edward H. Yob, D.O., Jonathan S. Zager, M.D., FACS
- 9:30 a.m. Member and International Forum** – James A. Schiro, M.D. (Moderator)
- 10:30 a.m. Refreshment Break- Visit Exhibits**
- 11:00 a.m. Atypicality in the World of Melanocytic Lesions: Panel Discussion**
Whitney A. High, M.D., J.D., Ronald P. Rapini, M.D., Jonathan S. Zager, M.D., FACS
- 12:00 p.m. You Absolutely Should Get a Bonus from MACRA** – Clifford Warren Lober, M.D., J.D.
- 12:45 p.m. Modifier 25 Update** – Howard W. Rogers, M.D., Ph.D.
- 1:15 p.m. Program Concludes**
